Item no. 60163600																																																			
Model: E.SYBOX MINI																																																			
Pump data																																																			
Pressure rating : 7,5 bar (750 kPa)																																																			
Min. fluid temperature : 0 °C																																																			
Max. fluid temperature : 40 °C																																																			
Max. Temperature operating : 50 °C																																																			
Requested data																																																			
Flow :																																																			
Head :																																																			
Fluid : Water																																																			
Fluid Temperature : 20 °C																																																			
Density: 998,3 kg/m³																																																			
Kinematic viscosity: 1,005 mm²/s																																																			
Dampspanning:																																																			
Materials		Hydraulic data (duty point) 																																																	
Motor liner		Stainless Steel AISI 304																																																	
OR ring		NBR																																																	
Mechanical seal		Impregnated carbon-resin/Ceramic/NBR																																																	
Plugs		PA 6.6 30% FV / PP OMO 30% FV																																																	
Suction body		PP OMO 30% GF																																																	
Insert		Brass																																																	
Spring		AISI 303																																																	
Diffuser		Noryl																																																	
Impeller		Noryl																																																	
Discharge section		PP OMO 30% GF																																																	
Non-return valve		Technopolymer/Rubber/Steel																																																	
Tank		Technopolymer/Rubber																																																	
Pressure sensor body		Technopolymer																																																	
MOTOR BODY		PP OMO 30% GF																																																	
Seal disk		PA 6.6 30% GF																																																	
Selfpriming shutter		POM																																																	
Heat sink		Brass																																																	
Flowmeter wheel		POM																																																	
Motor data		Dimension <table border="1"> <tr> <td>A</td><td>439</td><td>G</td><td>267,5</td><td>P</td><td>140</td><td></td><td></td></tr> <tr> <td>B</td><td>263</td><td>H</td><td>236</td><td>Q</td><td>140</td><td></td><td></td></tr> <tr> <td>C</td><td>46</td><td>I</td><td>40,5</td><td>R</td><td>155,5</td><td></td><td></td></tr> <tr> <td>D</td><td>143</td><td>L</td><td>152</td><td>S</td><td>47,8</td><td></td><td></td></tr> <tr> <td>E</td><td>60,7</td><td>M</td><td>46</td><td>T</td><td>130</td><td></td><td></td></tr> <tr> <td>F</td><td>106,7</td><td>N</td><td>101,7</td><td>V</td><td>54,5</td><td></td><td></td></tr> </table>		A	439	G	267,5	P	140			B	263	H	236	Q	140			C	46	I	40,5	R	155,5			D	143	L	152	S	47,8			E	60,7	M	46	T	130			F	106,7	N	101,7	V	54,5

E	60,7	M	46	T	130																																														
F	106,7	N	101,7	V	54,5																																														
Power input P1		Gewicht: 14,6 kg																																																	
Rated speed:		Pump connection																																																	
Rated voltage : 1~ 220-240 V		Suction side 1" G / 7,5 bar (750 kPa)																																																	
Nominal current : 4 A		Discharge side 1" G / 7,5 bar (750 kPa)																																																	
Degree of protection : IP X4
